Self-adhesive product manual

Due lust C 1		- WD01C1		
Product Code		MP2161		
Product Name		60μ pearl film/hot melt adhesive/60g white glassine		
Face Stock Release liner		60µ pearl film		
Adhesive		60g white glassine Ordinary hot melt adhesive		
technical indic		ordinary not melt a	anesive	
		т 1. ,	TT • 4	M (1 1
Classification:		Indicators	Unit	Methods
Face Stock	Thickness	60±10%	μm	GB/T 451.3-2002
	glossiness	≥75%	%	HUNTER 45°
Release liner	Dosage	60±10%	g/m ₂	GB/T 451.2-2002
	Thickness	53±10%	μm	GB/T 451.3-2002
	Longitudinal tensile strength	≥5.0KN/m	KN/m	GB/T 12914-2018
Adhesive	Loop initial tack	≧14	N	FTM9
	90° release force	≧7	N/25mm	FTM2
	180° 30m/min high speed release force	≦35g	g/m²	FTM1
	Holding power	≧8hours	Н	GB/T 4851-2014
	Minimun labelled temperature	- 10°C		
	Using temperature	- 20℃~100℃		
Product description:		Face Stock has a special soft pearl luster and excellent processing performance.		
Print and process:		It can be used in various printing methods such as letterpress, flexo, gravure and screen. The printed non-cover film label should try to avoid contact with solvents such as alcohol, isopropanol, gasoline, toluene, etc., so as not to cause the pattern to fade. It is not recommended for bottles with small diameters, irregular surfaces or frequent squeezes. Before use, a comprehensive labeling test should be carried out in the final use environment. In order to ensure smooth processing, it is recommended to use a sharp die-cutting knife for thin film, especially in the flat die-cutting method. It should be avoided that the rewinding tension is too high, causing the label to overflow.		
Stock and preserve:		Under the conditions of temperature 23 ± 2 °C and relative humidity 50±5%, the validity period is 1 year. Products beyon the expiry date can still be used after passing the inspection		

Special Note:

^{1.} Since the product is closely related to the use environment and production and processing technology, please test before use, and re-test when changing seasons to avoid unknown risks.

^{2.} All material descriptions, technical information and usage recommendations of Petralabel are test data in a standard

environment, but they are not guaranteed, and there may be differences in actual application data.

^{3.} The technical documents are subject to the current terms of Yangfan, and petralabel reserves the right of final interpretation. Shenzhen Petra Industrial Co., Ltd.
